### There's a Science to Comfort.

Because we are committed to comfort our Comfort Zone is also equipped with the worlds leading iStep computer technology which allows us to fit just the right orthotic insole for your particular foot requirements providing further enhancement of your daily comfort. There's a Science to foot comfort.

#### The three essentials for customised comfort

The secret to feeling great on your feet, and preventing foot pain, is finding products that match individual foot care needs while providing true customised comfort.

#### iSTEP Computer technology

Identifying foot size, arch type, and pressure points are the first steps to customised comfort. Our iStep technology captures these three essentials, immediately calculates your iMatch and then recommends the ideal orthotic for your feet.

#### Lynco Orthotics

In our comfort zone we stock a comprehensive range of the world leading Lynco casual, sport, and dress orthotics.

Step into our comfort zone and you won't be disappointed!
